

JEFFREY KAUFFMAN, MD

Jeffrey Kauffman, MD

Dr. Kauffman graduated from the Cornell University Medical College, NY in 1993. He completed his residency in Orthopaedic Surgery at the Hospital for Joint Diseases in New York City, during which he also completed a one year fellowship in basic science and clinical research at The Musculoskeletal Research Center.

After residency he completed a fellowship in Sports Medicine at The Kerlan-Jobe Orthopaedic Clinic in Los Angeles, California where he served as an assistant team physician for the LA Lakers, LA Dodgers, LA Kings, LA Sparks, LA Galaxy, Anaheim Angels, Anaheim Mighty Ducks, and Loyola Marymount Athletics.

Dr. Kauffman is board certified in Orthopaedic Surgery and Sports Medicine. Professional memberships include the American Academy of Orthopaedic Surgeons, the American Orthopaedic Society for Sports Medicine and the California Orthopaedic Association. Dr. Kauffman was a Clinical Instructor for UC Davis Medical Center; he has established a reputation as a top shoulder and knee surgeon among his peers and has extensive experience in handling complex sports injuries. He has authored numerous papers and book chapters on shoulder, knee and elbow injuries.

He is an avid triathlete, skier and hockey player. He presently resides in ^{Franklin} Gold Spring with his wife Uschi and daughter Heidi.

CURRICULUM VITAE

EDUCATION:

08/1985 – 06/1989	Undergraduate Dartmouth College Hanover, New Hampshire Graduated with Cum Laude Honors B.A. Philosophy
08/1989 – 06/1993	Medical School Cornell University Medical College New York, New York M.D.
07/1993 – 06/1994	Internship, General Surgery New York University School of Medicine New York, New York
07/1994 – 06/1999	Orthopaedic Residency Training Hospital for Joint Diseases – Orthopaedic Institute New York, New York Chief Resident, 1999
07/1999 – 06/2000	Sports Medicine Fellowship Kerlan-Jobe Orthopaedic Clinic Los Angeles, California

AWARDS and HONORS:

Cum Laude, Dartmouth College 1989

National Institute of Health, Summer Research Fellow 1991

Alpha Omega Alpha, Cornell University Medical College 1992

Orthopaedic Research and Education Foundation Grant, Department of Engineering 1994
Teaching Award, NYU Hospital for Joint Diseases 1999

Nominated, Neer Award, American Academy of Orthopaedic Surgeons, Annual Meeting /
American Society for Elbow & Shoulder Specialty Day 2004

LECTURES and PRESENTATIONS:

"Effect of Posterior Comminution on the Fixation Stability of Femoral Neck Fractures". The 12th Annual Meeting of the Orthopedic Trauma Association, Boston, MA 1996

"Optimal Fixation of Subcapital Femoral Neck Fractures with Posterior Comminution". The 64th Annual Meeting of the American Academy of Orthopaedic Surgeons, San Francisco, CA 1997

"Bone Attachment to Chemically Textured Titanium Alloy With and Without Hydroxy-apatite Coating". The 23rd Annual Meeting of the Society for Biomaterials, New Orleans, LA 1997.

"Control of Canine Bone and Collagen Fiber Orientation at the Implant Interface by Well-Defined Surface Topographies". The 23rd Annual Meeting of the Society for Biomaterials", New Orleans, LA 1997

"Comparison of Osseointegration and Bone Adhesions to Commercially Pure Titanium and Titanium Alloy". The 23rd Annual Meeting of the Society for Biomaterials, New Orleans, LA 1997

"Permanent and Resorbable Coatings for Stimulation of Bone Ingrowth into Porous Beaded Surfaces". The 23rd Annual Meeting of the Society Biomaterials, New Orleans, LA 1997

"Effects of Well-Defined Surface Topography on Canine Intermedullary Bone Ingrowth at an Implant Interface". The 65th Annual Meeting of the American Academy of Orthopaedic Surgeons, New Orleans, LA 1998

"Prospective Evaluation of Bone Mineral Density Changes in Femur After Uncemented Total Hip Arthroplasty: Five Year Follow-up". The 65th Annual Meeting of the American Academy of Orthopaedic Surgeons, New Orleans, LA 1998

"Outcome After Intertrochanteric Fracture: Does Deformity Predict Dysfunction?". The 66th Annual Meeting of the American Academy of Orthopaedic Surgeons, Anaheim, CA 1999

"Comparison of Rotator Cuff Repair Techniques". Orthopedic Research Society, San Francisco, CA 2001

"Injuries 'Around the Elbow'". Insurance Educational Association Class, Sacramento, CA 2002 - Ongoing

"Subpectoral Biceps Tenodesis: Technique and Long Term Follow-Up". 22nd Annual Meeting of the American Arthroscopy Association of North America, Phoenix, AZ 2003

"Arthroscopic Biceps Tenodesis: The Castagni Approach". The 22nd Annual Meeting of the American Arthroscopy Association of North America, Phoenix, AZ 2003

"Arthroscopic versus Open Management of Posterior Dislocation of the Shoulder (e-poster)". 22nd Annual Meeting of the Arthroscopy Association of North America, Phoenix, AZ 2003

"Subpectoral Biceps Tenodesis for Ruptures of the Long Head of the Biceps: Long Term Follow-Up". American Orthopaedic Society for Sports Medicine 2003

"Arthroscopic versus Open Management of Posterior Dislocation of the Shoulder (poster)". American Orthopaedic Society for Sports Medicine 2003

"All Arthroscopic versus Mini-Open Rotator Cuff Repair: Long Term Follow-Up". 71st Annual Meeting of the American Academy of Orthopaedic Surgeons, San Francisco, CA 2004

"Arthroscopic Debridement for OA of the Glenohumeral Joint". 23rd Annual Meeting of the American Arthroscopy Association of North America, Orlando, FL 2004

"The Adult Knee". Fingers to Toes Annual Meeting, Fallen Leaf, CA 2004

Verify Certification

Certificates issued prior to 1986 do not expire. Certificates issued since 1986 are valid for 10 years.

To verify the American Board of Orthopaedic Surgery Board Certification status of an orthopaedic surgeon (diplomate), please complete the form above. Orthopaedic surgeons certified since 1986 must maintain their certification by completing continuing medical education activities and practice-improvement activities in a process known as MOC. Prior to taking their recertification examination an ABOS diplomate must submit a list of surgeries performed within a set period of time and participate in a stringent peer-review process in order to assure the public that they are respected by their peers and practicing ethical orthopaedic surgery. For ABOS diplomates initially certified prior to 1986, the MOC process is not required, yet many of these diplomates are voluntarily participating in the MOC program. The ABOS does not issue certificate numbers.

Note: You must enter a last name or state to search the directory. If you search by name and state and you do not see the orthopaedic surgeon you are looking for, then try searching by name only.

There are several reasons why an orthopaedic surgeon may not show up in the search results.

1. The orthopaedic surgeon was recently certified and the online records have not yet been updated.
2. The orthopaedic surgeon is not certified.
3. The orthopaedic surgeon was previously certified but did not recertify.
4. The orthopaedic surgeon is retired.
5. The orthopaedic surgeon's certification was revoked by ABOS.

To learn why you should choose an ABOS Board Certified Orthopaedic Surgeon, go to [My Certified Orthopaedic Surgeon](https://mycertifiedorthopaedicsurgeon.org/) (<https://mycertifiedorthopaedicsurgeon.org/>).

If you would like to search for an orthopaedic surgeon in your area, please visit the [American Academy of Orthopaedic Surgeons](http://www7.aaos.org/member/directory/directory.aspx) (<http://www7.aaos.org/member/directory/directory.aspx>).

If you wish to learn whether a board certified orthopaedic surgeon is currently performing surgery, please contact the orthopaedic surgeon office. For more information, click [here \(/about-abos/what-is-orthopaedics.aspx\)](#).
