Re: Reconsideration Request

Mr. Wilking,

On behalf of the Town of Alton and Fire chief James Reinert I would like to formally request reconsideration regarding the request for a Waiver pertaining to Fire 702.01. We were unaware that his previously approved waiver did not lateral from one department to another. Therefore, we were also unaware of the 30-day requirement from date of employment to request a new waiver. I hope that you will give this request a favorable consideration and if you have any questions or need any further information, please feel free to contact me.

Respectfully,

Ryan Heath

Town Administrator
